EXCHANGELESS INTERCOM

VINGTOR STENTOFON

when communication is critical

VINGTOR STENTOFON

by ZENITEL GROUP

Vingtor-Stentofon products are developed by the Zenitel Group and includes a range of high quality communications equipment and systems. Being in business since 1901, Zenitel's products are recognized globally for offering high quality communications for both offshore and onshore installations. Primary system offering within the Vingtor-Stentofon portfolio are Public Address and Intercom. Zenitel and the company's global partner network, also integrate these systems with other security devices; including Radio, CCTV, Access Control and Alarm for a comprehensive security solution.

CONTENTS

VINGTOR-STENTOFON PRO700

EXCHANGELESS INTERCOM

Used daily by thousands of businesses, public service buildings and security companies throughout the world, there isn't a better time to invest in your communication.

PRO700 EXAMPLE

- Easy to use
- Cost efficient
- Simple installation and extension
- Excellent sound quality
- No central station required
- Simple integration with radio/PA systems
- Hidden alarm button for 'silent alarm' and "emergency call"

CLOSED RADIO NETWORK

PROGRAM DISTRIBUTION

PUBLIC ADDRESS

TELEPHONE INTERFACE

MULTIPURPOSE RELAY UNIT

Suitable for use in the following environments:
MEDICAL / DOOR ENTRIES / ELEVATOR SYSTEMS / INDUSTRIES / SHOPS / HOLDING AREAS, PRISONS AND TREATMENT FACILITIES / OFFICES / GAS STATIONS

Pro700 is a direct speech intercom system for handsfree, internal communication with up to 20 subscribers.

The system has no central or exchange unit - all stations provide an extensive range of standard and optional programmable features. Each station is individually programmable, giving full flexibility regarding features and extension numbers.

Pro700 is an "all-to-all" system. From any master station it gives the caller immediate connection to any other master or substation in the system.

Pro700 is equipped with one conversation link. In addition, a program distribution channel for e.g. music is available. The system also provides for easy integration with radio and public address systems, and a hidden alarm button for silent alarm and emergency calls is available.

PRO700 STATIONS

3007600052
DESK/WALL MASTER STATION WITH DISPLAY

- Loudspeaking handsfree
- Built-in microphone and loudspeaker
- Full keyboard. Moving rubber keys
- Soft speaking/confidential. Lift up as a telephone handset
- Easily programmable via internal switches
- Built-in relay for control of camera, door lock, etc.
- Hang on the wall by using the wall bracket 3007600029
- Cabinet is cast in high-grade, impact resistant ABS plastic
- External 20 Ohms loudspeaker can be connected

Size (WxHxD): 68 x 225 x 45 mm Wt: 0.3 kg

Accessories: 3007600029 Wall Bracket for aa711, 3007600018/3007600019/3007600019 Cord

3007600047
WALL MASTER STATION WITH DISPLAY

- Loudspeaking handsfree
- Built-in loudspeaker and microphone
- Surface mounted on the wall
- Full keyboard, moving rubber keys
- Can be flush mounted by use of the clip-on frame BF636
- Easily programmable via internal switches
- Cabinet is cast in high-grade, impact resistant ABS plastic
- External 20 Ohms loudspeaker can be connected

Size (WxHxD): 80 x 220 x 51 mm Wt: 0.4 kg

Accessories: 3007600017 Front plate for flush mounting, 3007600016 Backbox for Stations, Flush

3007600049
CONSOLE MASTER STATION

- Built in loudspeaker and microphone, folio keyboard is in UV cured PVC with adjustable backlight
- For console flush mounting or surface wall mounted
- Easily programmable via internal switches
- External 20 Ohms loudspeaker can be installed
- An optional 10 watts amplifier 3007600026 for external loudspeaker can be plugged in from the backside

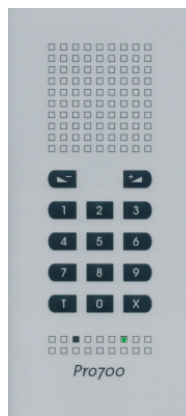

Size (WxHxD): 125 x 280 x 50mm Wt: 0.5 kg

Accessories: 1000603000 Surface Backbox, 3007600026 10W Internal Amplifier Module

3007600051
CLEAN ROOM STATION

- Built-in loudspeaker and microphone
- For flush or wall mounting
- Flat chemical resistant and anti-bacterial front surface for easy cleaning
- Full keyboard, folio type
- Built-in relay for control of camera, door-lock etc.

Size (WxHxD): 125 x 280 x 50 mm Wt: 0.9 kg

Accessories: 1000603000 Surface Backbox

3007600050
HEAVY INDUSTRIAL MASTER STATION

- Built-in noise cancelling microphone
- External loudspeaker must be installed
- Internal amplifier output 3 watts
- Surface mounted
- Full keyboard, folio type
- Splash proof for dirty in/outside conditions
- Cabinet is made of makrolon plastic
- Easily programmable via internal switches
- Built-in relay for control of camera, door lock, etc
- An optional 10 watts amplifier 3007600026 for the external loudspeaker can be plugged in, inside the station cabinet

Size (WxHxD): 160 x 240 x 137 mm Wt: 1 kg

Accessories: 3007600026 10W Internal Amplifier Module
